

The Divine Books Of Allah Ta'ala

Q: How many Divine Books are there of Allah Ta'ala?

A: Many small and large books of Allah Ta'ala have been revealed. The large scriptures are known as Kitaab and smaller books are known as Saheefa. There are four famous Kitaab among the larger scriptures. The first is Taurait (Torah), which was revealed upon Hazrat Musa (Moses), the second is Zaboor (Psalms) revealed upon Hazrat Dawood (David), the third is Injeel (Bible) revealed upon Hazrat Isa (Jesus) and the fourth is the Qur'an, which was revealed upon our Prophet.

Q: Was the entire Qur'an revealed at once or in stages?

A: The entire Qur'an was not revealed at once but in stages over a period of 23 years as the need developed.

Q: Is it important to have faith in each and every chapter of the Qur'an?

A: Yes. It is necessary to have faith in every chapter and verse of the Qur'an. If a person refuses to accept even one verse or claims that the Qur'an is altered and not in its original form, then they are a Kaafir.

Angel

Q: Who are the Angels?

A: Like humans, angels are also a creation but they have been created from light (Noor). They are neither male nor female and they do not eat or drink. They implement their duties as appointed by Allah Ta'ala. Some Angels write the good and bad deeds of a servant; they are known as Kiraman Katibeen. Some angels ask the deceased questions in the grave; they are known as Munkar Nakeer. Others are appointed to deliver the Durood and Salaams of Muslims to the court of the Prophet and there are also other various duties which Angels carry out. Among the angels there are four famous Angels. Firstly, Hazrat Jibra'eel who brings the commands and revelations from Allah Ta'ala to the Messengers; secondly, Hazrat Israfeel who shall blow the horn on the Day of Judgement; thirdly, Hazrat Mika'eel who controls the rain and sustenance and the fourth is Hazrat Izra'eel who removes the souls from people. Whoever claims that Angels do not exist or that they are an alternative name for divine power is a Kaafir.
